DO YOU LIVE IN THE PAST, PRESENT, OR FUTURE?

Do you agree with the results? Discuss with your partners.

Mostly As - Living in the past.

You're a reflective person who values your experiences. You learn from your past and use it as a compass for your future decisions. Make sure not to dwell too much on what's happened; the present and future hold exciting opportunities too!

Mostly Bs - Living in the present.

You're a mindful person who lives in the moment. You take life as it comes, cherishing each experience as it happens. While being present is a valuable trait, don't forget to learn from your past and plan for the future.

Mostly Cs - Living in the future:.

You're a forward-thinking individual who always keeps an eye on the horizon. Your goals guide your actions, and you're always planning your next move. While planning for the future is important, remember to reflect on your past experiences and enjoy the present too!

LET'S TALK!

If you could travel to the past and meet your younger self, what advice would you give? If you had the power to alter one historical event, which would it be and why? How do you think this change would affect the world as we know it today?

How do you think our actions today will affect the world 50 years from now? Can we consider ourselves as 'time travelers' shaping the future?

If time travel became a common vacation option, what period in time would become the most popular tourist destination and why?

Do you think time travel might be a common practice for advanced alien civilizations? If so, why haven't we met any timetravelling aliens?

If time travel was possible, do you think it could be a form of immortality? Would you choose to live forever if given the option?

If you could travel to the future, would you choose to know what happens to you or your loved ones? Why or why not?
